Derbyshire Enterprise Agency has employed Clean Slate (UK) Limited to provide a cleaning service at our premises, Brian Clough Business Centre on Cotton Lane in Derby since the centre opened in March 2005.

The site comprises light industrial factory units and some office accommodation with cleaning taking place in washroom facilities and offices. Cleaning has always been carried out to an extremely high standard. Spot checks are made by Supervisors every two weeks.

The cleaning staff provided have always been found to be pleasant, hard working and trustworthy and willing to perform 'that little bit extra' over and above what is normally required within their role.

There is constant liaison with Head Office and on the odd occasion where a problem has arisen this has been dealt with immediately.

We have found Clean Slate to be extremely flexible in their approach to our cleaning needs and would have no hesitation in recommending them.
