Dear Sirs

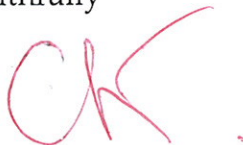

Re: Clean Slate (UK) Ltd

We have dealt with Clean Slate since 2006, when they have undertaken the cleaning of our building, windows and car park at our Derby office. During this time they have provided us with an excellent service. The standard of work, efficiency and reliability has at all times been excellent and their staff are always polite and friendly.

When we have had to contact them to raise an issue, they have been very apologetic and the problem has been addressed immediately.

We have absolutely no hesitation in recommending this company without reservation.

Yours faithfully

Cartwright King
